

Max-VAM

Ex-, Red-, In Types:

Max-50.75-S/Y | Max-100-S/Y | Max-150-S | Max-30-F/SF/
BF/YF/SF3 | Max-50-F/SF/BF/YF/SF3 | Max-60-F/SF/BF

HVAC

IP67

- Actuator for motorisation of air, fire and smoke dampers as well as for volume flow control applications
- Operation in hazardous locations (zone 1, 2, 21, 22) and safe areas
- Compact, robust design for indoor and outdoor applications
- Measurements approx. 288 × 150 × 116 mm (w/o cable gland)
- Weight approx. 15 kg
- Corrosion resistant material 1.4581 (similar AISI 316)
- Protection of enclosure IP67
- Universal power supply 24-240 V AC/DC
- Torque 30/50/60/75/100/150 Nm
- Available with and without spring return
- Control on-off, 3-pos, 0-10 volt, 4-20 mA
- Simple mounting
- 1m supply cable for connectable terminal box
- Extensive accessories
